

ADDRESS AND PHONE DIRECTORY · ARIZONA

Arizona Official Offices Directory 2026

Who handles immigration, identity, vital records, marriage licenses, apostilles and business with Türkiye, with the phone numbers, in one place.

SHORT ANSWER

Three things up front. First: **this guide carries no street addresses for federal agencies**. USCIS denied every request in this research and the only record we hold is from a six-year-old archive; we do not publish an address from a six-year-old record, because going to the wrong building can cost an appointment cycle rather than a day. The right source is already in your hands: **the address on your appointment notice governs**. Second: Arizona has **two USCIS field offices** and the state is split between them **by county and ZIP code**, so going to the wrong office is possible. Third: the state has **four immigration courts** and **two of them sit inside detention facilities**. The only out-of-state contact is for business with Türkiye: the **Consulate General in Los Angeles**.

AGENCY	INFORMATION, PHONE, NOTE
USCIS field offices	The state has two field offices , Phoenix and Tucson , and it is split between them by county and ZIP code
Counties assigned to the Phoenix office	The agency's own field office page publishes, with ZIP code ranges, that the Phoenix office covers ten of the state's fifteen counties: Apache, Coconino, Gila, Greenlee, La Paz, Maricopa, Mohave, Navajo, Pinal and Yavapai . The list is official but the record is dated May 2020 , so confirm before your appointment
The remaining five counties	We do not write that they are assigned to Tucson: that would be a subtraction, not a jurisdiction list we read. Whichever office your notice names governs
Field office addresses and hours	Not published . The agency's site was inaccessible and the only archived Phoenix record is from 2020 and still carries a pandemic-era closure notice
Walk-in service	None . Field offices do not accept walk-in visits
Appointments	USCIS Contact Center, 800-375-5283 . Say at the start of the call that you would like a Turkish interpreter
Biometrics	Fingerprints and photographs are taken at Application Support Centers, and in both cities the center is at the same address as the field office . So if you know the building for your interview, you know it for biometrics too
Official sources	uscis.gov office locator · my.uscis.gov · address change

Your appointment notice is the most reliable source. Both the interview notice and the biometrics notice (Form I-797C) state the date, the time and the exact address, and the notice is asked for at the door. If your notice is lost, or went to your old address after you moved, check your USCIS account or the official office

locator; if you cannot attend, follow the instructions on the notice, because failing to appear can go as far as a denial. The distance between the two offices is roughly **115 miles**, a little under two hours in normal conditions; **we calculated that figure**, it was not read from an official source. If your appointment is in the other city, plan an early start. If you are entering a federal building, bring photo identification, expect security screening, and know that some buildings will not let your phone in; arrive at least half an hour early, because the line at the door does not wait for your appointment time.

Four immigration courts, two of them inside detention facilities

COURT	ADDRESS	PHONE	NOTE
Phoenix Immigration Court	250 N. Seventh Ave., Suite 300, Phoenix, AZ 85007	602-640-2747	The court a Phoenix resident who is not detained would normally attend
Tucson Immigration Court	300 West Congress Street, Suite 300, Tucson, AZ 85701	520-670-5212	The south of the state
Eloy Immigration Court	1705 E. Hanna Road, Suite 366, Eloy, AZ 85131	520-466-3671	Inside a Department of Homeland Security detention facility. Entry through the main lobby; the entry rules are on the facility's own page
Florence Immigration Court	3260 N. Pinal Parkway Avenue, Florence, AZ 85132	520-868-3341	Inside a Department of Homeland Security detention facility. The entry rules are on the facility's own page

- Each of the four courts publishes an email address and, separately, an address for correcting the **asylum employment authorization clock**; take it from your own court's page.
- **No published jurisdiction list says which court will hear your case.** With four courts in the state the question matters: **your Notice to Appear states it.** Read the court name, the date and the time off the document, and do not travel on an assumption.
- **If you are going to a court inside a detention facility**, read the entry rules on the facility's own page beforehand: an ordinary courthouse's rules do not apply, and the identification, appointment, property and phone rules may differ. Ask by phone **in advance** whether children may come and whether there is a waiting area. Eloy and Florence are about an hour from Phoenix; **that time is our estimate.**
- **Address reporting is separate for the court:** with a pending case you must notify the court within **5 days** of moving, on a form different from the USCIS one. A hearing notice going to your old address can mean you are treated as having failed to appear, and that can go as far as an order in absentia.

ICE, CBP and the I-94

- The state has **a single ICE enforcement and removal operations field office covering all of it**; the agency's own page gives its area of responsibility as Arizona. **We publish no street address**, and in any case if you have a regular reporting obligation **your contact is the office named in your own reporting instructions.** Keep that document.

- **The ICE detention information line is 1-888-351-4024.** The agency gives this line on its own page as the route to follow after reaching the field office.
- **The counter that corrects an I-94 is open only two days a week, three hours each.** This Phoenix counter, which the agency calls **deferred inspection**, operates **Tuesday and Wednesday, 11 a.m. to 2 p.m.**, telephone **(602) 257-5993**. A missing entry stamp, a wrongly recorded status or a wrong date is corrected here. Two warnings: this information was read from a search summary of the agency's site, so **call before you go**; and the counter is **in the same building as the ICE field office**, so if there is any vulnerability in your immigration file, speak to an attorney before entering that building.
- **Pull and print your I-94 record** from i94.cbp.dhs.gov. Your period of stay is not the validity of the visa in your passport, it is the date on the I-94. If the name, date of birth or status is recorded wrongly, have it corrected **early**: this record is checked for the driver license, the Social Security number and job applications.

Social Security and the taxpayer identification number

ITEM	STATUS AND CONTACT
Social Security office addresses	Could not be verified in this research. The agency's office locator would not open and we do not print an address we have not verified. If you hold an appointment notice, the address on that notice governs
Hours and whether an appointment is required	Could not be determined. Ask on the national line
National line	1-800-772-1213 , weekdays 8 a.m. to 7 p.m. Booking, changing and canceling appointments go through it. Ask for a Turkish interpreter and say so at the start of the call
Official office locator	secure.ssa.gov/ICON , with your own ZIP code
Applying for the number	If you checked the box on the DS-260 with an immigrant visa, the card arrives by mail without visiting any office . Otherwise you go in person with Form SS-5 , the process is free , and your original immigration documents are required. Wait a few days after your entry, because the records take time to reach the system
A taxpayer identification number without mailing your passport	The tax agency offers in-person document verification at some taxpayer assistance centers: a staff member checks your passport and hands it back. The Arizona cities on the agency's list are Glendale, Mesa, Phoenix-Central, Tucson and Yuma . We print no street addresses or hours , because the agency publishes those only through its own office locator and an appointment is the normal route

Vital records: birth and death certificates

ITEM	INFORMATION
Who issues them	The records are held by the state health department's vital records bureau and the certificates are issued by county vital records offices . The Maricopa County office has one notable feature: it issues official copies of all births and deaths that occurred in Arizona , not only those in that county
Fee	\$20 per certified copy ; a correction or a substantial change is \$30
Hours	Monday, Tuesday, Thursday and Friday 8 a.m. to 4:30 p.m.; Wednesday 9 a.m. to 4:30 p.m. It is easy to miss that Wednesday opens an hour later
Offices	Phoenix: 1645 E. Roosevelt St., Phoenix, AZ 85006 · East Valley: 331 E. Coury Ave., Mesa, AZ 85210 · Northwest Valley: 8088 W. Whitney Dr., Suite 2A, Peoria, AZ 85345 · Glendale: 5141 W. Lamar Rd., Glendale, AZ 85301 · Goodyear: 14130 W. McDowell Rd., Goodyear, AZ 85395
Mail and corrections	PO Box 2111, Phoenix, AZ 85001 · corrections line 602-506-6805

You are not shut out without U.S. identification. The eligibility list is closed and the same phrase repeats on every line: **valid government-issued identification or a notarized signature on the application**. So a Turkish parent with no Arizona driver license and no U.S. ID can obtain the certificate by **signing the application before a notary**. Two limits belong here too: **we could not verify whether a foreign passport counts as valid government-issued identification**, because the page says "government-issued" without limiting the issuing state and publishes no list, so we do not claim a Turkish passport is accepted; the safe route is the notarized signature, and bring the passport anyway. And **the notary fee could not be verified**, so ask a notary what they charge before you go. What will not be accepted to establish a relationship is spelled out: **pedigrees, lineage charts and family trees**, so a civil registry extract brought from Türkiye will not establish a relationship here.

Marriage license: the Clerk of the Superior Court

ITEM	RULE
Who issues it	The county's Clerk of the Superior Court . Not the county recorder, not a town clerk . Main address 620 West Jackson Street, Phoenix, AZ 85003 · information line (602) 372-5375
Fee and identification	\$98.00 , by cash, money order, debit card or credit card. Both parties must appear in person . The clerk's sentence: each individual must present a valid government-issued photo identification such as a driver license or a passport to prove age and verify identity
Social Security number	The statute requires applicants to give their numbers "if any." "If any" is the operative phrase

ITEM	RULE
Waiting period	None. You get the license the day you apply and may marry the same day. No copy of a divorce decree and no blood test are required. The license is valid one year, but the person who performs the ceremony must return it within 30 days or it is not recorded
Counter locations	Downtown Customer Service Center, 601 W. Jackson St., Phoenix · Northeast Regional Court, 18380 N. 40th St., Phoenix · Northwest Regional Court, 14264 W. Tierra Buena Ln., Surprise · Southeast Regional Court Center, 222 E Javelina, Mesa. An appointment is recommended at all four, and walk-ins are accepted
The online route does not run on the same rule as the counter	The online program requires both applicants to have a Social Security number and imposes a 30-day waiting period that does not exist at the counter. So for a Turkish applicant without a number the counter is open and the online route is closed. And the same page contradicts itself: it accepts a passport as the photo identification to upload, yet also says the identification must show Arizona residency , which a passport does not. How the clerk resolves that in practice could not be determined , so call (602) 372-5375 and ask

Apostille: documents for use in Türkiye

ITEM	AMOUNT OR ADDRESS
Who issues it	The Secretary of State . Not the agency that forms companies, not a court, not a county
Fee	\$3.00 per document. Documents going to U.S. territories require a notarial commission certificate, which costs \$18
Turnaround	By mail 10 to 20 business days ; in person with a \$25.00 expedite fee and no more than 6 documents per visit
Mailing address	Secretary of State, Attn: Apostille Dept., 1700 W. Washington Street, Fl. 7, Phoenix, AZ 85007-2808 . The office's own sentence: do not send cash by mail
Walk-in counters	Phoenix: State Capitol Executive Tower, 1700 W. Washington Street, Suite 220 · Tucson: Arizona State Complex Building, 400 West Congress, 2nd floor, Suite 221
Phone	602-542-6187 or 1-800-458-5842
Three things not accepted	A photocopy (it must be a notarized original or a certified record); an electronic apostille (the office expressly does not issue one, the output is paper only); another state's record

Get the sequence right. An apostille certifies **the signature** of an Arizona official, not the content of the document, so you must already hold an Arizona signature to be certified before you go to the counter. Birth and death certificates count as certified records and can go straight there; private documents such as a power of attorney, a declaration or an undertaking must first be notarized by **an Arizona notary**. And here is

what the office says about itself: it describes itself as a **filing agency** and states expressly that it **cannot give legal advice or interpret the law**, so there is no point asking the clerk at the counter whether an institution in Türkiye will accept the document. **A source note:** the office's live site was inaccessible in this research and the figures above were read from **an archived record dated August 2026**; confirming them by phone before you send anything is a ten-minute job. For business with Türkiye itself the contact is not in Arizona: the state falls in the consular district of the **Consulate General in Los Angeles**, at **8500 Wilshire Blvd. Suite 900, Beverly Hills, CA 90211**, switchboard **+1 424 313 8800**, and the detail is in the consulate guide.

FOUR THINGS TO NOTE

- **The absence of federal street addresses here is a choice, not a gap:** we do not print an address we could not verify or that survives only in an old archive. **The address on your appointment notice governs.**
- **Do not squeeze the I-94 correction counter into one afternoon:** two days a week, three hours each. Put it in the calendar and call before you go.
- **At the vital records counter the notary route is a published alternative**, not a courtesy. A lack of identification does not close the door. And the office opens an hour later on Wednesday.
- **For a marriage license, if you have no number do not start the online application**, book a counter appointment. For an apostille, ask your recipient in Türkiye in advance **whether a paper apostille is accepted**, because Arizona does not issue an electronic one.
